**Campbell County Fire Cadet Program
Mission Statement**

The mission of the Campbell County Fire Department Cadet Program is to educate youth about the various aspects of the fire service. This will be accomplished through training, hands-on experiences, and supporting firefighters at emergency incidents. Upon completion of the program, Cadets will master valuable skills that can be used throughout their lives. These skills include leadership, trust, goal-setting, honesty, responsibility, communications, teamwork, and dedication to their community.

The CCFD Cadet program is available to students between the ages of 14 and 17. Candidates for the Cadet program cannot have a history of court appointed community service or juvenile probation.
